TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the town of Raymond, in the County of Rockingham and the State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Odd Fellows Hall in said Raymond on Tuesday, the 12th day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray all town charges for the ensuing year and make appropriation for same.

3. To fix compensation for collecting taxes for the year ensuing.

4. To see what sum of money the town will vote to raise and appropriate for town maintenance including snow.

5. To see what sum of money the town will vote to raise and appropriate for street lighting.

6. To see what sum of money the town will vote to raise and appropriate for Memorial day purposes.

7. To see what sum of money the town will vote to raise and appropriate for the Fire Department including forest fires.

8. To see what sum of money the town will vote to raise and appropriate for Dudley-Tucker Library.

9. To see if the town will vote to authorize the Selectmen to borrow money in the anticipation of taxes.

10. To see if the town will vote to raise and appropriate such amounts for State Highways as recommended by the New Hampshire State Highway Department.

11. To see if the town will vote to raise and appropriate \$1,000.00 toward payment of debt.

12. To see if the town will vote to make a discount of 3% on all property taxes paid on or before August 1, 1935.

13. On petition of Allen E. Robinson and twenty-nine others the following article be inserted in town warrant: To see what sum of money the town will vote to raise and appropriate for the continuation of the improvement of the Manchester Road, so called, in Raymond, N. H.

14. To see if the town will vote to discontinue the Shirking road, so called, leading from the Fremont road to the Fremont town line, by gates or bars.

15. To see what action the town will take in regard to purchasing land for enlargement of Cemetery, and raise and appropriate such sums as may be necessary.

16. To transact such other business as may legally come before said meeting.

Given under our hands and seal this 21st day of February, in the year of our Lord, nineteen hundred and thirty-five.

EDWARD F. CRAM,
FRANK P. CORSON,
AI S. WELCH,

Selectmen of Raymond, N. H.

AUDITORS' REPORT

We, the undersigned auditors for the Town of Raymond, N. H., have examined the accounts of the Selectmen, Treasurer, Trustees of Public Funds, Clerk, Library and Water Commissioners for the year ending January 31, 1935, and find them correctly cast and properly vouched.

HARRY M. GREENE,
GEORGE H. GUPTILL,

Auditors.

WATER COMMISSIONERS' REPORT

February

Joseph A. Blake	
6 months' salary as Clerk,	\$50 00

March

New Hampshire Gas and Electric Co.	
January pumping,	59 00
Amoskeag Savings Bank	
Interest on notes,	300 00

April

Andrew J. Gordon	
Labor and material,	80 58
New Hampshire Gas and Electric Co.	
February pumping,	144 08

May

New Hampshire Gas and Electric Co.	
March pumping,	137 60

June

New Hampshire Gas and Electric Co.	
April pumping,	70 40
New Hampshire Gas and Electric Co.	
May pumping,	86 36

July

Bouchard Welding Co.	
Electric welding on main pipe,	41 00
Andrew J. Gordon	
Labor and material,	18 47
Amoskeag Savings Bank	
Note,	900 00
Interest on note,	40 00
Interest on note,	21 00
New Hampshire Gas and Electric Co.	
June pumping,	91 10

August

New Hampshire Gas and Electric Co.	
July pumping,	114 74

TOWN OF RAYMOND

45

September

New Hampshire Gas and Electric Co.

August pumping, 105 80

October

New Hampshire Gas and Electric Co.

September pumping, 168 80

November

New Hampshire Gas and Electric Co.

October pumping, 184 40

December

New Hampshire Gas and Electric Co.

November pumping, 168 80

E. P. Maynard

Service care of pumping from January 1,
1934, to December 1, 1934, 55 00

18 gals. oil, 18 00

January, 1935

Amoskeag Savings Bank, interest on notes, 40 00

Harry Sinclair, labor testing for leaks, 4 90

Fred Dearborn, cutting bushes, 16 00

Ira Watts, cleaning oil burner, 1 00

Everett Heath, digging at cemetery, 2 00

New Hampshire Gas and Electric Co.

December pumping, 284 40

J. A. Blake, services for the year as Clerk, 100 00

January 31, interest on Water Bonds, 55 16

 \$5,197 80

July 5—Paid Water Bonds to the following:

Eva Rollins, \$100 00

Bert Davis, 100 00

Will Gile, 100 00

 \$300 00

Cash Paid Out:

Notes at bank, \$2,900 00

Water Bonds,	300 00
Interest at bank,	694 89
Interest on Water Bonds,	550 16
On water system,	386 95
Pumping water,	1,615 48

\$6,447 48

Error on December pumping, \$100.00. This
 was done at the gas office. We have a
 credit memo for \$100 00

Cash received from system,	\$4,689 49
Cash received from Town of Raymond,	1,500 00

\$6,189 49

This leaves a deficit of \$257.99—\$100.00 of this
 is our over payment on December pumping.

To the Citizens of Raymond:

Although we show a small deficit this year, we had four months that our pumping cost us more than it should. This was found to be due to leaks in houses and after having these tested and fixed we came back to normal. We would appreciate it if the leaks in or on the water takers' pipes could be taken care of at once.

Again we ask the Town to vote to raise \$1,500.00 which we will use in taking up the Water Bonds or notes at the bank, eliminating so much interest.

E. P. MAYNARD,
 JOSEPH A. BLAKE,
 LOUIS E. GRIFFIN,

Water Commissioners.

J. A. BLAKE, Clerk.

	<hr/>	
		\$383 74

The hot lunch season for the winter of 1934 was the largest in the history of the school. We averaged to feed ninety odd a day—forty of the group being financed by the Federal Government who allowed us \$.08 per pupil per day. This was intended to give additional food to that brought from home, but was in most cases the only lunch provided.

Our equipment was not equal to the task and table silver, dishes and dish towels had to be purchased which were paid for out of the operating expenses. The girls of the seventh and eighth grades merit praise for the cheerful cooperation they gave their instructor.

Respectfully submitted,

I. B. HOLMES.

REPORT OF RAYMOND HIGH SCHOOL

To the School Board and Superintendent:

The high school enrollment this year totals 81, including 38 tuition pupils.

The Home Economics department is carrying on the plan of other years in serving hot lunches. Last fall much canning was done for people of the community, and several of these and others gave tomatoes and other vegetables to be canned and used for the hot lunches this winter. These have been appreciated, and the school wishes to thank all who so kindly donated produce.

The Agricultural department has continued to set a fast pace in interscholastic competition, winning the annual Egg and Chick Show cup for the best egg exhibit and placing second at Hopkinton Fair in the Sweepstakes, the total for all exhibits and all contests.

The Future Farmers have been active. Besides hikes and socials, they had a banquet and evening of entertainment at which were guests from Pinkerton Academy, Hollis High School and the State Department of Education. Mr. Little showed pictures of the summer camp for the Future Farmers. Last year we were represented by Gorden Traver and Joseph Parent. The Future Farmers wish to thank the Grange for the donation which made possible this representation.

The debating team last spring was selected for the finals of the Bates Interscholastic Debating League for the third time in a row, the only team in the state to get in three times running. The members are now working on this year's question, Federal Aid for Education. The boys and girls wish to express their appreciation for the use of the I. O. O. F. Hall for bas-

ketball. The real value of sports is much more than physical recreation, important though this may be. Interest in sports carries over into school work, and a decided improvement is frequently seen in both deportment and scholarship of those pupils who go out for the teams. School spirit is built up, sportsmanship is advanced and the realization that teamwork beats individual effort is brought home. It would be a real loss to the school to miss the benefits of basketball.

The skating rink that was started with CWA money should be finished. The dirt was piled up in various places, and in each place a fine growth of weeds has started. The hole in the ground is an eyesore. It would not take long to smooth up the place enough to improve the looks of the campus, while it could be made into a tennis court without much expense.

The school library has had more magazines but still lacks some reference books, especially something recent on history and economics.

A school play was put on in November, and was well supported by the townspeople. Due to the large number who tried out for places in the cast, two complete casts were chosen, and each put the play on, giving more students the benefit of the training and adding to the interest in the play. A senior play will be given in the spring.

Raymond should be proud of the graduates who are attending higher schools. The record of those who have gone to the University of New Hampshire is very good. The headmaster just received a letter of congratulations upon the fact that no pupil who had graduated from this school received a warning for the last term.

In conclusion, the faculty wish to invite the parents and friends of the school to visit school, and to make

constructive criticisms and suggestions. The school is your school, paid for by your money and supported for the benefit of your children. Only by full cooperation of parents, teachers and pupils can the greatest return from the investment be realized.

Respectfully submitted,

LAWRENCE P. BAGLEY,

Headmaster.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Raymond:

I have the honor of presenting herewith my sixth annual report. It deals chiefly with organization and enrollment, relative costs of maintenance, improved facilities, special activities, and needed repairs and improvements.

Organization and Enrollment

Since my last report two changes have occurred in the staff of teachers; one in the high school and the other in the primary grades.

Following her re-election to teach commercial subjects in the senior high school, Miss Elizabeth J. Cotter who had served efficiently for three years both as a departmental teacher and as one of the class advisers, withdrew from the profession. Miss Ellen Louise Disken, a graduate in 1934 from the Boston University College of Practical Arts and Letters, was elected to succeed Miss Cotter in the Commercial Department.

On account of extended illness, Miss S. Ellen Mitchell could not consider re-election to the teaching position which she had filled most acceptably for four years in the first, third and fourth grades. Mrs. Ruth T. Houghton, a graduate of the Wheelock Training School of Boston and a primary teacher of successful experience, served much of last year as a substitute for Miss Mitchell in the first grade, and was elected to the position this year.

The total enrollment of two hundred seventy-seven pupils was slightly below that of the preceding year. However, the average membership of two hundred forty pupils remained practically unchanged. The number of tuition pupils increased from twenty-seven

to forty, one of whom was in the elementary grades. In spite of very severe weather conditions, the per cent. of attendance showed improvement. The number of tardinesses among a small group of village pupils, who were not dependent upon transportation, was excessive.

This year the enrollment in the lower grades is large. No room has less than thirty pupils, and one room recently had fifty.

Relative Costs of Maintenance

State statistics for the fiscal year ending June 30, 1934, show that among the 242 school districts in the State, taken in the order of total current costs per \$1,000 of equalized valuation and beginning with the lowest, Raymond stands 202nd; the local elementary cost being \$5.90; State-Aid, \$1.70; total elementary cost, \$7.60; high school \$4.71; other current cost, \$1.04; making the total current cost \$13.35 per \$1,000 of equalized valuation.

For the school year 1933-34 the average cost per pupil in the elementary grades of Raymond, including the junior high school, was \$67.99. The state median for the same year was \$72.46 per pupil.

The expenditure per pupil in the Raymond Senior High School for the school year 1933-34 was \$89.50. The state median for the same year was \$94.68. When tuition receipts and the federal aid are deducted from Raymond's cost of \$89.50, the net cost, paid by taxation, is \$54.69 per pupil. At present the maximum legal tuition in Raymond High School is \$70.65 per pupil.

Improved Facilities

Through the district's appropriation, made last March, six new *Underwood* Typewriters have replaced old machines in the commercial department.

Five new lift-lid desks have been added as replacements in the junior high school room. New teachers' chairs have been provided in two rooms, and a dozen juvenile recitation chairs placed in the second grade room.

Through the industry of your janitor, several book and supply closets, and filing cabinets have been built. These are thoroughly appreciated by the teachers and school nurse. He has also built in the boy's coatroom a new and well ventilated garment rack that accommodates eighteen pupils.

By the discontinuance by Candia of the Dearborn's Corner transportation route to the Moore School, which formerly served several pupils from Raymond, it became necessary to convey these pupils to the Raymond Consolidated School. Beginning this year contract has been let for a 1934 model Ford school bus to travel a circuit of nine miles by way of Green, Dearborn's Corner, and Lane Districts to the Raymond School. This bus is now conveying twenty-five pupils.

Special Activities

I wish to commend to your careful attention the report of high school activities submitted by the headmaster. He and his staff of teachers have most generously contributed of their time and means to extra-curricular activities, including the Parent-Teacher Association, dramatics, debating, lunch service, competitive industrial exhibits, and athletics.

Elsewhere will be found a financial report of the lunch service. Nearly one hundred fifty dollars from federal funds were expended during the winter to serve lunches to those children who were unable to pay for them. At present free lunches are not available. However, the daily milk ration, served last year, is being continued. We are assured that it will be available until the first of June.

Through federal welfare funds, your school nurse has been able to secure much needed corrective treatments, particularly in the care of teeth. Her annual report is encouraging, particularly in the reduction in number of children who are underweight.

Beginning in November adult classes, similar to those conducted last year, have been continued in book-keeping and typewriting. Three classes in dramatics have recently been organized. Two of these are working for stage presentation, the other class is taking up a study of the drama. Including two groups from Camp Pawtuckaway, the total registration in adult classes is over eighty. Membership is open to any adult who is not attending an educational institution. The cost of instruction is paid entirely from federal funds. There is also a small allotment from these funds for the purchase of supplies. This enables both beginners and advanced pupils to enter these classes at any time without financial obligations.

Through the co-operation of all teachers a complete battery of Metropolitan Achievement Tests has been given in grades VII and VIII, and a partial battery in grades V and VI. A profile chart has been made for each pupil. These charts show the individual's achievement in reading, vocabulary, arithmetic fundamentals, arithmetic reasoning, English, and spelling. In the seventh and eighth grades literature, history and geography are added. Since these tests were given at frequent intervals over a period of several weeks, they are a valuable index to the pupil's strength or weakness in certain studies. The superintendent is at his office every Monday morning and will be glad to discuss with interested parents the results of these tests.

The original CWA project, including excavating and grading for the skating rink and tennis courts, is incomplete. We have been advised by Royden E.

Reed, Work Relief Engineer for New Hampshire that "... it is the intention of the Administration to take up all uncompleted CWA projects as rapidly as possible. When this can be accomplished, is not known at the present time, but I hope, in the early future." Changes in the administration of relief work and in the status of those who may be employed have prolonged the delay.

The CWA project for improvement of pine growth on the school grounds saved the district the cost of approximately twenty cords of furnace wood.

Needed Repairs and Improvements

The original tar and gravel roof of the main school building has necessitated repairs annually for the past five years, not only to the roof but also to the damaged ceilings of the high school assembly room and corridors. These repairs have cost over a hundred dollars, while new leaks are constantly causing damage. It is estimated that the present roof can be replaced with a five-ply asphalt covering for approximately four hundred dollars. Some action should be taken by the district at its annual meeting.

For the better supervision of school-ground activities and the convenience of adjoining property owners, the eastern boundary of the school lot should be enclosed by a substantial fence. I would recommend a woven-wire school fence, attached to metal posts, these posts to be set in cement. The sum of two hundred fifty dollars would be necessary for the erection of such a fence.

Conclusion

The increasing activities of your schools have made new demands upon all connected with the system. This is particularly true of your janitor who, with no increase in compensation, has put in much ex-

tra time due to adult classes and other special activities.

While testing for facts and measuring scholastic achievement are valuable, educators are increasingly aware that more important to their pupils than trained minds stored only with interesting and useful facts, is the individual encounter with actual experiences, the doing of real things in the real way, the habit of making comparisons and forming judgments, the necessity of assuming responsibility and "carrying on."

Most highly appreciated is the cooperation of parents, teachers, School Board, and other citizens in encouraging activities that offer these objectives.

Respectfully submitted,

GEORGE H. HARMON,

Superintendent of Schools.

February 18, 1935.

FINANCIAL REPORT ON MANUAL TRAINING SHOP AND CHEMISTRY

For the Fiscal Year Ending June 30, 1934

Receipts

Received for projects, completed,	\$14 80
Received for lime-sulfur, Agri- cultural club,	2 03
Received for gal. iron, Mr. Clement,	1 53
Received for broken chemistry equipment,	91
<hr/>	
Total,	\$19 27

Expenditures

Paid for manual training and shop supplies,	\$5 70
Paid for chemistry supplies,	91
Paid for gasoline (5 gals.), hauling wood and chairs,	98
<hr/>	
Total,	\$7 59

Balance turned over to the District Treasurer, \$11 68

Respectfully submitted,

J. A. OSGOOD.

SCHOOL BOARD'S ESTIMATE FOR 1935-1936

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1935.

*Support of Schools:	High Elementary	
Teachers' salaries,	\$6,095 00	\$4,905 00
Text books,	150 00	225 00
Scholars' supplies,	150 00	250 00
Flags and appurtenances,	3 00	7 00
Other expenses of instruction,	20 00	20 00
Janitor service,	300 00	700 00
Fuel,	200 00	400 00
Water, light, janitors' supplies,	75 00	150 00
Minor repairs and expenses,	50 00	100 00
Health supervision,	50 00	300 00
Transportation of pupils,	550 00	2,700 00
Payment of elementary tuition,		108 00
Other special activities,	10 00	10 00
	<hr/>	
	\$7,653 00	\$9,875 00
Total,		\$17,528 00

Other Statutory Requirements:

Salaries of district officers,	\$140 00
Truant officer and school census,	50 00
Superintendent's excess salary,	360 00
Per capita tax,	482 00
Payment of district debt,	2,250 00
Interest on district debt,	475 00

* \$5 per \$1,000 of **equalized valuation** must be raised for **elementary schools** to qualify for state aid. The net assessment must contain this amount in addition to funds raised for high school maintenance and other statutory requirements.
